February 20, 2003

An act to amend Section 6341 of the Business and Professions Code, relating to libraries.

LEGISLATIVE COUNSEL'S DIGEST

AB 1095, as introduced, Corbett. County law libraries.

Existing law authorizes any board of law library trustees to establish and maintain a branch of the law library in any city in the county, other than the county seat, in which a superior court session is held. Existing law also specifies that in a city constituting the county seat, a county board of law library trustees may maintain a branch of the law library at any location where four or more judges are designated to hold sessions more than 10 miles distant from the principal office of the court.

This bill would instead change the above distance to 20 miles.
